Moreno Valley, CA 92553

**Subject: Our Recommendations for Representation on the DAC Committee
Wildlife Representative**

The California Desert District Mining Coalition (CDDMC) is comprised of a combination of over 17,000 miners and papered mines in the California Desert District controlling hundreds of thousands to millions of acres of public and private land. The CDDMC was formed only to try and to get information out to the public and to the public officials to show them what was happening behind their backs, without their knowledge in some cases. The CDDMC has worked diligently to educate the public without any representation on the DAC committee from biologists, arborist, environmentalists, conservationists, endangered species specialists, facility planning specialists, GIS/GPS, green construction specialists, field & desert ecologists, botanists, geologists, ornithologists and HazMat/DTSC like Mr. Randy Coleman. He is not swayed by environmental, conservationists and endangered species groups with opinions not facts. He is known in the mining circle to be fair and just on presenting the scientific facts. He truly represents the people who love the desert and do not want to see the opinionists tie up valuable multi-purpose lands.

As you can see from Mr. Coleman's bio and background, he is the perfect man to represent any group on the DAC Committee as a Wildlife Group Representative.

It has been a joy to work with this man for the last few years. Its nice to know you can sit next to a person that has love for the land, but still remembers that the land was granted to the public for multiple uses and not to stifle economic development.

Mr. Coleman has worked closely with the mines, miners and the CDDMC for years now and as you can see by San Bernardino county records, the county leads the state in mining ventures; he looks out for the land and animals while approving mining and construction projects.

As congressionally and federally recognized stakeholders in California and throughout the United States;

**THE CDDMC BACKS AND VOTES FOR
MR. RANDY COLEMAN TO REPRESENT US ON THE DAC COMMITTEE
FOR WILDLIFE REPRESENTATIVE**

***THE CDDMC DOES NOT RECOGNIZE ANY OTHER CANIDATE
NOR GET OUR VOTE TO REPRESENT US, THE MINING COMMUNITY, ON THE DAC COMMITTEE***

Sincerely,
The California Desert District Mining Coalition
